

# Declaration sticker

Casambi Chip 002 for normal range (yellow sticker).  
Casambi Chip 003 for long range (white sticker).

## Yellow sticker for normal range:

- Indicates that this Casambi component has the normal range.  
Can be combined with Casambi components with a wide range.
- The Bluetooth antenna is located on the side where this sticker is attached.

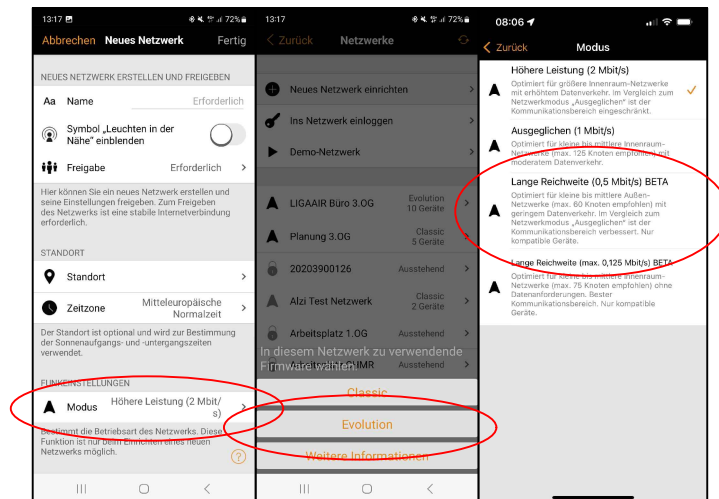

## White sticker for long range / long range max:

- Indicates that this Casambi component has the long range.  
**Cannot** be combined with Casambi components with normal range.
- The Bluetooth antenna is located on the side where this sticker is attached.

## Create network for long range / long range max:

- Attention: In this network only CASAMBI components with Long Range can be used.
- If there are devices in the vicinity, the signal strength is displayed as a square, so the LIGAAIR module is suitable for Long Range.
