

Information about LIGA.AIR.REP.SOLAR

Important information:

Observe the correct latitudes (sunshine duration).

Germany, BENELUX and Switzerland have enough sunshine all year round.

Search for a location The ideal location is facing south.

Place the antenna so that a Bluetooth mesh connection is guaranteed.

Switch to off means that the antenna is not active and therefore there is no deep discharge of the battery.

RED LED Battery is being charged

GREEN LED Battery is charged
